

ANNUAL INVESTMENT STRATEGY FOR CARDIGAN TOWN COUNCIL

This Annual Investment Strategy is prepared in accordance with the statutory guidance on Local Government investments issued by the Welsh Assembly Government.

All cash, bank balances, financial assets, borrowings, and credit arrangements are a part of the Council's treasury management activities. This annual Investment Strategy will concentrate on the Council's temporary surplus resources (or other financial resources it holds) and the investments it undertakes of these resources.

The Council undertakes to ensure that for all its investments, priority will be given to security and liquidity rather than to yield. In drafting this Annual Investment Strategy, the Council has made appropriate arrangements for:

- identification, management, and control of risks in the investment / treasury management activities it undertakes,
- budgeting, accounting, and audit arrangements,
- its cash and cash flow management requirements,
- segregation of responsibilities, organisational arrangements, adequate documentation and the identification of a responsible officer for investment / treasury management activities,
- corporate governance procedures to ensure that it is alert to the possibility it may become subject to an attempt to involve it in a transaction involving the laundering of money.

All investments undertaken by the Council will be made and repaid in Sterling.
